

Residential trip at home

This week we were due to be going on residential. We're disappointed that we're not

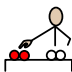

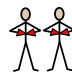

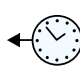

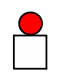

KS3

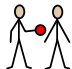

able to do that at the moment but the Key Stage 3 team have been thinking about some

activities you can do along the lines of those we would have done on residential.

Exploring the site:

Go on a scavenger hunt around your house or garden. Can you find one item for

each colour of the rainbow or something beginning with every letter from your name.

Beach day:

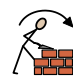

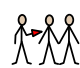

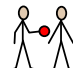

Build a boat out of recycled materials to carry treasure across the water (your bath).

Den building:

Can you make yourself a den either in your house or garden? You could use

chairs, tables, sheets, clothes horse or whatever you can find.

Exploring the woods:

Make a picture using things you find in your garden.

? Can you write your name from sticks, stones, leaves etc?

Roll a dice then make that numeral out of things you can find in your garden.

Dip leaves, acorns, rocks etc in paint to create a picture then use twigs and string to

make a frame.

Draw or paint on rocks or stones.

Circus skills:

Draw a line, or make a line from string. Stretch your arms out and try to walk

along the line without falling off.

Make juggling balls by filling balloons with water and putting in the freezer to make
