

Today is Friday and Friday is usually our cooking day.

Today's Activities are to make 'Yellow brick road Flapjacks'. I will attach

the recipe and method for the flapjacks.

Cooking is a brilliant way to practice all of our important skills.

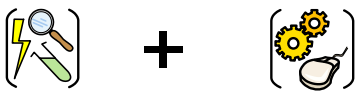

Literacy: We can read the recipe and method. Remember to sound out

our tricky sounds and words. We may need to write a shopping list of

ingredients that we need.

Maths: Using our measuring and number skills we can make sure that

we have the correct amount of ingredients to make the perfect flapjack.

Science and Technology:

1 1) What happens when we combine all of the ingredients?

2 2) What app can you use to take a photo of your delicious flapjacks

PSE- Life skills: Our last job when cooking is to make sure we

have cleaned up and put away all of our equipments. We need to help

the grown ups wash, clean and put away everything we use.

Have lots of fun and enjoy tasting the flapjacks. I look forward to seeing

and hearing all about what you do.

Take care, stay safe and keep smiling.

From, Miss Baker
