

Dear Parent/Carer

This morning we received confirmation that a fourth person had tested positive for Covid-19. Three or more linked cases (all four are linked) constitute a cluster outbreak. In addition to the original bubble affected, the most recent case has also compromised the SLT Bubble, resulting in a requirement for the whole of our senior leadership team to isolate until and including Friday 6th November.

Following consultation with Public Health Wales, Test, Track and Protect, our Chair of Governors and the Interim Director of Education we have taken the decision to close the school for the week beginning 2nd and ending 6th November. The school will reopen on Monday 9th November.

Unless you have been contacted already and directed to isolate, you are not required to do so, but I remind you of the need to follow Welsh Government directions and Public Health Wales guidance to keep yourselves and your families safe.

I hope you and your loved ones stay healthy and safe.

The warmest of wishes

Gethin
